Subject: RE: load data for Mahhasset

We need to call LIPA today to discuss.

I fear that they might wish to only credit Tiffany based upon a meter constant of 80 vs 180.

Dave

LIPA did not arrange nor inform us of any meter replacement for our location. There has been on going renovation/construction at adjacent store sites. Perhaps this has affected us.

Bruce Edson  
Operations Manager - Manhasset

No clue. They never told us. Maybe the store knows?

Bruce Edson...did LIPA arrange meter replacement with the store?

Also, do you know the reason why LIPA was changing the meter last September?

Regards,

Chris

Can you please tell us if there have been any changes to your Manhasset store (since the load data was calculated in 1997) that would have increased or decreased your demand for electricity?

Regards,

Chris
